Subject: FW: NRDC meeting with OPP March 5?

Hi Elissa,

As you're aware, there is neonic litigation concerning ESA still pending for dinotefuran and acetamiprid, and there are two petitions relevant to the neonics: (1) the FFDCA petition asking for modification and/or revocation of several neonic tolerances and (2) the treated seed petition concerning whether **Deliberative Process / Ex. 5**

Deliberative Process / Ex. 5

Since we haven't finalized

Attorney Client / Ex. 5

Attorney Client / Ex. 5

I hope that helps. Please let me know if you need anything else.

Thanks,
Angela

Hi Angela

Here is the question about the neonic petition for NRDC.

Sure thing. We can probably pull one of our briefing slides for the PID for the mitigation, and I'll check with the folks that are working on the petition response to see if they have any updates.

Hi Ricardo,

Would you please take a look at the below on treated seeds and neonics – can the neonics team pull some info together for Ed by some time tomorrow?

Many thanks,
Dana

See email chain below. Appears a question regarding neonics and treated seeds. Looks like there is a meeting on March 5th.

The NRDC topic, I am hearing might be about how we address treated seeds and neonics. Can I get some info on what we are doing with treated seeds?

Importance: High

Ed,

Aaron Colangelo, who is the attorney for the TCVP petition denial challenge, alerted our DOJ attorney that he'd be attending a meeting with OPP on Mar. 5, but that TCVP wasn't on the agenda. Upon further inquiry, Aaron sent the agenda below to explain what topics were to be discussed. Is this a meeting you'd like OGC to attend?

Deliberative Process / Ex. 5

Deliberative Process / Ex. 5

Let me know what you prefer,
Erin

Here's Aaron's response to the follow up inquiry:

Below are the items on the agenda in the calendar invite I received.

- Neonicotinoids – where do we go from here
- Registration review timing. Is EPA on track for the 2022 deadline?
 - What about the remaining OPs?
- Ethylene Oxide
- Streptomycin and Aldicarb

The calendar invite was sent to the following people, although I can't be sure that this is a complete list of expected attendees. Jen Sass and Dan Raichel are at NRDC; I assume all of the others are EPA staff.

Messina, Edward; Goodis, Michael; Sass, Jennifer; Matuszko, Jan; Reaves, Elissa; Pease, Anita; Echeverria, Marietta; Raichel, Dan
